Students must demonstrate they are improving their language ability through participating regularly in class and completing scheduled course activities, homework and assessment tasks.

3. Scope

This policy applies to all Oxford English Language Centre (Oxford) students on student visa. Every student is expected to adhere to the requirements of this policy and the requirements of Oxford English Language Centre with regard to completion and submission of assessment. Students not satisfying to these requirements will be notified and proactively supported. Students will be counselled and advised that if course progress does not improve to satisfactory levels then their enrolment may be cancelled.
- 3.3 Course progress will be monitored by teachers and ELICOS Coordinator. Teachers are required to keep appropriate records and to undertake assessments in a timely fashion to enable effective monitoring of student progress and the implementation of all procedures.
- 3.5 Oxford may only extend the duration of the student's study as a result of:
 - compassionate and compelling circumstances,
 - where an intervention strategy is being implemented or
 - where an approved deferment has been granted.

- 3.6 Except in the circumstances in Section 3.5, the student's course duration will not exceed the CRICOS registered duration. Any variations are recorded on the student file and reported correctly in PRISMS.
