## Section 2: OZLEARN – STUDY AT OXFORD

### 'English Only' Policy

At Ozford we are passionate about the English language! Our ELICOS programs are designed to improve your English proficiency and provide thought-provoking, interactive learning experiences. The best way to learn and improve is by using English, so we have implemented a strict 'English Only' policy. Students in ELICOS have many opportunities to visit places of interest in Melbourne to apply their English skills in an authentic setting. Our motto for language learning is "use, practise and learn".

### Class Level

The General English course at Oxford is offered at the following five levels:

Level 1 – Elementary

Level 2 – Pre-Intermediate

Level 3 – Intermediate

Level 4 – Upper Intermediate

Level 5 – Advanced

To ensure you are placed in a class appropriate to your level of English and learning needs, generally, all new students will sit a placement test at the commencement of the course.

### Learning and Assessments

The learning and assessments will be based on a range of student learning outcomes. These will include dictation, test, reports, role play and presentations. Students are required to complete all assessments. An assessment schedule is available from your teacher.

Satisfactory academic progress is necessary for students to complete their course. All students expected to take responsibility for their own learning and behaviour. Every student is expected to adhere to the requirements of Oxford English Language Centre with regard to submission of work, punctuality and class attendance.

All work is to be completed on time and to the students' best ability. If the student is experiencing difficulties they must first approach their class teachers, then the ELICOS Coordinator, well before the due date for assistance. Students are expected to maintain a minimum pass in all assessments. Please refer to Academic Progress Policy and Procedures available on Oxford website for more information.

### Academic Conduct

All students are expected to maintain a high standard of academic honesty and integrity. Academic misconduct is defined as attempts by students to cheat, plagiarise or otherwise act dishonestly in undertaking an assessment task, or assisting other students to do so. Students are considered guilty of cheating if they seek to gain an advantage by unfair means such as copying another student's work, or in any way mislead a trainer about their knowledge, ability or the amount of original work they have done.

A student is deemed to be **cheating** if he or she seeks to obtain an unfair advantage in an examination or in other written or practical work that is required to be submitted or completed for assessment.

Collusion is a secret agreement or understanding for purposes of trickery or fraud, underhand scheming or working with another student or other person. Please refer to the Cheating Policy for further information.

Plagiarism is the dishonest use of another person's ideas, words, concepts and theories by presenting them as one's own. It is considered a serious matter involving a lack of academic integrity.

Oxford does not tolerate cheating of any form. Students who are found to be cheating on an exam or test will be removed from the classroom and given a mark of zero. In cases of plagiarism in formal assessment tasks, all plagiarised material will be ignored in determining the final mark. That is, if the entire task is plagiarised, the mark awarded will be zero. Please refer to the Plagiarism Policy for further information.

## Academic Support

Oxford will assist all students in their efforts to achieve satisfactory course progress. Our teachers can provide supported assistance if necessary and can adapt assessment methods, where appropriate, to ensure every student has equal access to a fair assessment.

If student needs exceed our capacity we will recommend referral to an appropriate external organisation.

The **ELICOS Coordinator** can help you or refer you to the appropriate personnel with the following:

- Academic Problems
- Course transfers
- Language and Literacy issues

Contact details:

Please see Level 7 Student Services Desk to make an appointment or attend the weekly Academic Support session.

Regular **Information seminars** on various topics are conducted to provide students with information and skills required to achieve their learning and personal goals. During the seminars, students are given the opportunity to interact and ask questions.

## Class Attendance

At Oxford, attendance is recorded for every class and students' attendance rates are calculated accordingly. Students are expected to attend all classes as scheduled on their timetable. Students of Oxford are required to attend 80% or more of their classes every study period to be considered as meeting satisfactory attendance requirements.

Oxford implements intervention strategies when:

- Students miss more than 3 consecutive days without contacting Oxford. Students will be contacted via telephone to come in for an interview with the Student Services Officer. They will be counselled on strategies to improve attendance and be reminded of the attendance requirements
- Students who miss more than 10% of their attendance during any applicable study period. A warning letter will be issued to remind students of their attendance requirements and students will be contacted via telephone to organise a meeting with the Head of Student Services or ELICOS Coordinator so that students can be counselled of the attendance requirements.

A final intention to report letter will be issued when students' projected attendance falls below 80%.

Oxford may only decide not to report a student for breaching the 80% attendance requirement when students successfully go through the appeals process and:

- Produce documentary evidence clearly demonstrating that compassionate and compelling circumstances apply,
- The student is attending at least 70% of the scheduled course contact hours for the term, and
- The decision is consistent with OXFORD's documented procedures

Please refer to the Attendance Policy and Procedures available on Oxford website.

Being late to class causes unnecessary disruption to the trainers and to the students so every student should make every effort possible to come on time to class.

- Students who are running late/absent to class are required to communicate this to the administration office at the college. They must phone the college on **(03) 8663 7155**.
- Students are not to be allowed into class until the conclusion of the current class.

You must have medical certificates as evidence if you are absent due to illness. Please provide a copy to the Student Services Desk for your records.

In some circumstances, it may be appropriate to arrange a meeting of all parties involved. Students have the right to nominate a person to support them at this meeting.

**Each student appealing will have the opportunity to formally present his or her case in writing or in person at no cost to the student. The Head of Student Services or Department Coordinator will inform all parties to an appeal in writing of the outcomes/decisions about the complaint, including the reasons for the decision.**

Students may seek assistance from a formal external authority if they are not satisfied with the decision reached. Ozford uses an external provider for this mediation service to students. Please refer to Complaints and Appeal Policy and Procedures available on the website.

### Access to your records

Upon the completion of the students' enrolled course, eligible students will receive a Graduation Certificate along with term reports of academic results.

Students who need to access their records or obtain a Graduation Certificate or report replacement at other times are advised to fill in a Student Services Request Form available at the Student Services Desk.

## Section 6: OZLIFE- STUDENT LIFE

Student life at Ozford is much more than attending classes and completing assessments. It is the first step toward becoming an independent lifelong learner. It is about making new friends, adjusting to a new environment, developing life skills that enable you to live a meaningful and successful life. This section covers some aspects to help you to adjust to student life at Ozford.

### ACCOMMODATION

There are a number of places that you can look for accommodation, although it depends on the type of accommodation you are looking for. The following is a guide to where you can find listings (i.e. advertisements) for various types of accommodation. We also have a list of accommodation options available on our website. If you need help in finding or booking accommodation, please come to level 7 reception and speak to our student services staff.

#### Homestay

Ozford can arrange for students to live with a homestay family. Please complete a Homestay application form from Student Services Desk if you would like to be placed in a homestay.

#### Student Hostels

Advertisements for student hostel accommodation are usually found on the internet, in the *White Pages Business & Government* telephone directory and through web links.

#### Private Rental

If you are planning to set up a share house with friends, or to rent a property on your own, you can find private rental properties via:

- Real estate agents
- Websites and on a number of search engines (search ‘real estate Victoria’)
- Newspapers like *The Age* on Wednesday and Saturday and *The Herald Sun* on Saturday and remember to also check the local community newspapers in the areas where you would like to live

#### Share Houses

If you want to move into an existing share house, there are several places you can look for room notices:

- Community noticeboards – sometimes found in local cafes and bookstores
- Internet
- Newspapers

#### **Inspecting a private rental property**

It is very important that you check a property and make sure you are happy with the property before you sign anything or pay any money. When you inspect a property, it is very important to check the property thoroughly both inside and out. Do not assume that the landlord or agent will attend to any repairs unless you specifically ask that they do so. If they agree to carry out the repairs, get their agreement in writing. As you look around the property, test the light switches, exhaust or overhead fans, stove, oven, smoke alarms, taps and shower (for water pressure) and any heaters and/or air conditioning to make sure everything is working. Ask if the phone is connected. Test the strength of fittings such as mantelpieces and curtain pelmets to make sure they are safe and secure.

Also, make sure you can open and close all the windows and lock and unlock all the doors. Check what kinds of locks are installed, as many insurance companies will not provide household contents insurance unless the windows have key locks and the external doors have deadlocks. If any part of the property or its fittings or fixtures are damaged or not working properly, you should ask the landlord to repair them.

#### **Applying for a private rental property**

After you have inspected the property and decided that you want to move in, you will need to fill in an application form provided by the real estate agent (if the landlord is using an agent).

You can be asked questions about:

- Income and bank details
- Previous rental history
- Employment details and history
- References - you may be asked for 2

If a real estate agent insists that they want to check your credit history, contact the Tenants Union. It is illegal for them to conduct a credit reference check.

The agent or landlord may ask for an application deposit. If you have to pay a deposit, make sure you obtain a receipt. Your deposit must be refunded to you or put towards your bond or first month's rent.

It is illegal for agents and landlords to charge fees for the following:

- Letting you inspect a property
- Issuing a rent payment card
- Establishing and using direct debit facilities

For more information phone the Tenants Union Advice Line on (03) 9416 2577 or refer to the website:

## SAFETY AND SECURITY

Oxford is committed to providing a safe and healthy work environment for its staff, students and visitors. Oxford encourages all workplace participants to regard accident prevention and working safely as a collective and individual responsibility. The safety of students is regarded to be of primary importance.

For the safety of the Campus community and the protection of assets and property, some areas of the Campus are under constant camera surveillance. Cameras are monitored. All cameras are supported by recordings that are kept for incident investigations. All cameras are operated in an open surveillance manner and in recognition of the Workplace Video Surveillance Act.

Teachers incorporate OH&S considerations when planning and delivering training, and students will be advised of the OH&S requirements of their programs and supervised accordingly. No staff member or student is to place themselves or other students in a position that contravenes the Occupational Health and Safety requirements. As a student you have obligations to complete your study in a safe manner and promptly report any injuries or harassment to your teacher or administration.

Oxford recognises its corporate responsibility under the OH&S Acts and Regulations. Students as well as teachers, share a dual responsibility for ensuring the health and safety of staff, students, contractors and visitors. In fulfilling this responsibility, teachers and students have a duty to provide and maintain, as far as practicable, a learning environment that is safe and without risk to health.

Occupational Health & Safety Act can be found at <http://www.worksafe.vic.gov.au>. Refer to Oxford Occupational Health and Safety Policy and Procedures for more details.

Oxford has an emergency evacuation plan available on each level. You will be guided through the plan during orientation and at the beginning of every term.

### **Personal Safety**

Students are advised not to carry large amounts of money in cash and to keep important documents (especially passports) in a secure place at all times. Handbags, cases, laptop computers, iPods, cameras and electronic dictionaries should never be left unattended on or off campus (this includes on-campus classrooms).

Have your personal emergency contact in your phone.

If you feel unsafe or threatened inside the college, speak to your teacher, any staff members or approach level 7 front desk. If you are outside the college, you can ring the police on 000.

### **Home Safety**

You must be able to escape from your home in the event of a fire. When at home, keep a key in the inside deadlock to ensure that you can leave quickly.

Draw a floor plan of your home and identify two ways out from each room. If you live in a two-storey home, find a way to escape from the upper level. Check that the windows and flyscreens open freely and that children can easily open each exit. Display the escape plan in a central area of your home—such as the fridge or a notice board. Practise your escape plan at least twice a year.

A **smoke alarm** senses smoke and can alert you to a fire to give you time to escape. The alarm can be wired into the household electrical mains, with a battery back-up, or be battery operated only.

The location of the smoke alarm is important. The smoke alarm is best located near each bedroom, as you are most vulnerable to fire when you are sleeping. If you or family members sleep with the bedroom door closed, install a smoke alarm in the bedroom. Avoid placing a smoke alarm near an air conditioning or heating unit. The air flow coming out of the unit may blow the smoke away from the smoke alarm and fail to alert you to a fire. Smoke alarms should be installed on the ceiling. If it is not possible to fit the smoke alarm on the ceiling, it may be fitted on the wall. In this case, fit the smoke alarm between 150 mm (minimum) and 300 mm (maximum) below the ceiling line.

Do not disconnect your alarms, if they are set off by cooking, move them to near the bedrooms.

### **Travelling Safely**

There are a number of things that you can do to make your public transport journey safer and more secure.

- Before your journey, it is recommended that you top up your Myki. This will save you time and ensure you do not miss your ride when you arrive at the station.
- Before you begin your train journey, check timetables and any connecting train, tram or bus services.
- After 7pm, travel in the front carriage so you are close to the driver.
- If there are other passengers on the train, sit near them, not by yourself.
- Carry a phone card, spare change or mobile phone.
- Make sure your luggage is stowed correctly and avoid blocking the aisle.

For more information, go to:

<http://ptv.vic.gov.au/getting-around/travelling-safely/>

### **Water Safety**

- Always swim at a beach patrolled by lifesavers
- Swim between the red and yellow flags, they mark the safest areas to swim
- Always swim under supervision or with a friend
- Read and obey the safety signs
- If you are unsure of conditions, ask a lifesaver
- Always go surfing with someone else
- Don't swim directly after a meal
- Don't swim under the influence of alcohol or drugs
- Don't run and dive in the water
- Check that it is okay to swim before you enter the water, conditions change regularly
- Use at least 15+ sunscreen, wear a long-sleeve shirt and broad brimmed hat
- If you get caught in a rip at a patrolled beach, do not panic, float with the rip and raise one arm for assistance
- Always wear a foot strap when surfing and a wrist strap when body boarding

The best way to check is to ask someone who knows the area like a shopkeeper, caravan park owner or someone who lives nearby. They are most likely to know the dangers and direct you to a safe swimming spot. Remember to enter the water carefully. Always enter the water feet first. Submerged objects can be very dangerous. Keep watch for trees, branches, rocks and rubbish. Always remember to enter the water feet first.

## OZFOLIO AND WORK READY PROGRAM

At Ozford, we have a comprehensive Job Ready Program prepared and led by our Student Success Coach. In her role as Student Success Coach, Melanie collaborates with staff on curriculum and assessment, and supports students to create and maintain their success portfolios. She coaches and guides students to self-assess, set goals and gain industry experience or internships related to their areas of study or interest and encourages them to view their portfolios as a reflection of how they might achieve their personal and career objectives. Melanie has a passion for students and customer service and she works hard to ensure that her skills, experience and networks are valuable for placing students in the right jobs. Using the portfolio approach, she coaches students through the entire process of gaining work experience – from preparing a resume to practising interview skills, and then applying for appropriate positions. Melanie runs weekly work placement seminars and is available to speak with employers and students.

Students can sign up for the work ready program and work coaching session at Level 7 Sign Up Board.

## STUDENT LIFE – MUST KNOW TIPS

At Oxford we want all students to excel in their studies. Below are some useful guidelines and suggestions to get you started.

### **1. Set some goals**

Being a student is when most structured and mind opening learning of your life will happen. It is important to set clear goals for each course you wish to take. At the same time, do not over burden yourself.

Use the SMART principle below when setting goals and believe in yourself that you can do it.

### **2. Attend classes**

Make a commitment to attend all classes and strive for excellence in all your course work. Remember when you apply for a job or a course in the future, your grades and attendance will reflect your intelligence and dedication.

### **3. Get involved**

Studies shows that students who engage and participate in extracurricular activities have higher indicators of academic and career success.

Your academic transcript may be what gets your foot in the door, but employers look for candidates with relevant experience when making hiring decisions. The biggest challenge is showing relevant experience, which employers say is one of the most important factors they look for in applications from graduates. This is not limited to professional work experience, school and community activities and volunteering also qualify as relevant experience and can be included in your resume as well. In other words, extra-curricular activities help you gain the key skills and experiences to help you land that job.

### **4. Make new friends and develop positive friendships**

Networking with other people is importance. Friends can support you in your efforts to maximize the benefits of a student life. Get to know people who express high social, academic, and personal values.

On another hand, friends who set on having a good time at the expense of a good education can be seriously detrimental so choose your friendship carefully.

### **5. Seek help**

Problems will often get worse if they are not directly addressed in a timely fashion. Procrastination in any of its many forms can lead to a small problem getting much worse. Get help when you need it. Speak to your teachers, your Course Coordinator, or any other staff about your problem

## **6. Budget**

Living on a student budget can be tricky, especially when you're still adjusting to life in a new country. If required, start keeping a record of all your savings and expenditures. Stop spending on things you don't need. Buy your books and supplies only if it is very necessary. Try taking things from library or rent them. It will save a lot of money and effort in case you decide later on to drop a class.

Some resources to help you to live on a student budget:

<https://www.moneysmart.gov.au/life-events-and-you/under-25s/studying/living-on-a-student-budget>

## **7. Look after your health and wellbeing**

International students who come to Australia are living away from home and their family for the first time. With your family overseas, it is very important for you to look after your health. Most students find that they study better when they are feeling happy, healthy and active.

8 hours of sleep a night is what most students should aim for. Try to avoid napping during the day and reduce your caffeine intake, particularly up to 4 hours before bedtime, so that you can get a full night's sleep.

Research says that physical exercises result in increased blood flow to the brain which indirectly improves mood and sleep; reduces stress and anxiety. Exercising a few hours every week will help you increase alertness and attentiveness which leads to faster learning. It's very important that you eat right, exercise regularly and stay fit.

## **8. Share and help**

Share your experiences with other new comers and help those who are in need. Your emotional wellbeing plays a large part in your overall health, so it is important that you are feeling happy and maintain an active social life in addition to attending classes and studying. Balancing your study commitments with your social life is an important part of being a student. Attend events on campus (such as movie screenings and markets), make friends with your classmates and join a student club or a sporting team. As long as you manage your time effectively and keep up with your studies, social activities can provide a nice break from study and can help to reduce stress.

## Section 7: OZVISA – INFORMATION FOR STUDENT VISA HOLDERS

This section is applicable to students holding a student visa. Student Visa (subclass 500) allows students to stay in Australia to study full-time in a recognised education institution.

### Student Visa Regulations

You must abide by your visa conditions or your visa could be cancelled.

Some examples of the conditions are:

- You **cannot** work more than 40 hours per fortnight\* when your course is in session (other than work which has been registered as a part of the course).  
**Note:** No work limits apply during recognised periods of vacation offered by your education provider. A fortnight means any period of 14 days commencing on a Monday and ending at the end of the second following Sunday.
- You **cannot** undertake work until you have commenced your course in Australia.  
You **must** remain enrolled in a registered course (unless you are an AusAID/Defence student or secondary exchange student in which case you must maintain full-time enrolment in your course of study or training).  
**Note:** a registered course is one that is on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS).
- You **must** maintain adequate arrangements for health insurance during your stay in Australia.  
**Note:** Under policy, this means that you must maintain Overseas Student Health Cover (OSHC).
- You **must** notify your education provider of your residential address in Australia within 7 days of arriving in Australia. You **must** notify your education provider of any change in your residential address within 5 days of the change. You **must** notify your education provider of a change of education provider within 7 days of receiving the electronic Confirmation of Enrolment certificate or evidence of enrolment.
- If you have not turned 18 you must maintain adequate arrangements for your accommodation, support and general welfare for the duration of your stay in Australia.

To maintain adequate arrangements for welfare you must stay in Australia with:

- your parent or legal custodian or
- a relative who has been nominated by your parents or custodians who is aged over 21 and is of good character or
- accommodation, support and general welfare arrangements that have been approved by your education provider.

**Note:** You **must** not change those arrangements without the written approval of your education provider.

If your welfare arrangements are approved by your education provider you must not travel to Australia until your welfare arrangements are due to commence.

Please refer to Immigration website for more details on Student Visa conditions: [www.border.gov.au](http://www.border.gov.au)

### Dependants

Dependants of persons holding a student visa may be required to pay full fees in any school, college or university that they enrol in whilst in Australia.

### ESOS Legislative Framework

The ESOS framework sets out the standards Australian education providers offering education services to overseas students must obey. These standards cover a range of information you have a right to know and services that must be offered, including:

- Orientation and access to support services to help you study and adjust to life in Australia
- Who the contact officer or officers are for overseas students

- If you can apply for course credit
- When your enrolment can be deferred, suspended or cancelled
- What your provider's requirements are for satisfactory progress in the courses you study
- What support is available if you are not progressing well
- If attendance will be monitored for your course
- A complaints and appeals process

One of the standards does not allow another education provider to enrol a student who wants to transfer to another course, but has not completed six months of the final course of study you plan to undertake in Australia. If you want to transfer beforehand you need your provider's permission.

More information, please refer to:

<http://www.border.gov.au/Trav/Stud/More/Changing-courses>

## Working in Australia

Check your visa conditions to find out the number of hours that you and your family members can work while you are in Australia. You must comply with the state and territory laws of Australia. You should remember that, if you choose to work in Australia you have the same rights and obligations in the workplace as any other employee. You can find out more about your rights before you apply for a job from the [Fair Work Ombudsman](#).

Your visa was granted based on your declaration that you have sufficient funds to cover your living and tuition expenses in Australia. You must continue to have sufficient funds to support yourself and accompanying family members while you are in Australia. You should not rely on work to support yourself or family while in Australia.

When you have started your course of study in Australia, you can generally work up to 40 hours per fortnight when your course is in session and unlimited hours during scheduled course breaks. Your family members can work up to 40 hours per fortnight, after you have started your course of study in Australia.

You must also be aware that under all state and territory laws, school students might have other restrictions on their ability to work.

Your accompanying family members aged 18 years or older can study in Australia for up to three months. If they want to study for more than three months, they must apply for their own student visa.

See:

[Work conditions for student visa holders](#)

[Workplace rights for all visa holders working in Australia](#)

## Completion within Expected Duration of Study

International students are expected to complete their courses within the duration specified in their Confirmation of Enrolment (COE). Ozford monitors the progress of students to ensure they complete the courses within the duration specified in their COE. Ozford can only issue a new COE to students to extend their duration of study in limited circumstances. Please refer to the Academic Progress policy for further information.

International students who wish to extend their stay in Australia for further study, graduation, a holiday, work or migration are advised to contact Department of Immigration and Border Protection (DIBP) directly. Please see link below for further information:
